What the Valley League Players are Doing.

No league games are played tomorrow and Thursday.

There are no games Wednesday or Thursday in the league. The custom of leaving holes in the schedule at this point in the season is deemed a good one, because it gives the players a little rest. The first month is always the hard one, for in that time the players work the soreness from their muscles and generally try to get into trim for work. "A little vacation will do them all good," in the words of President Shively. On June 3, 4 and 5 the Saints open a series with Pittsburg. The Little Pirates have strengthened up considerably and will probably at least make it interesting for Albert's hope-Tule.

With Monday's victory, Iola has now won 12 straight games. If the league teams can stop them, get the police.

Rappa, Leavenworth's first baseman, is out of the game for several days with a broken finger on his left hand, which he acquired in sliding to second on Sunday.

Ex-Umpire George Franklin, after he was "fired" by President Shively, handed down his opinion on how the league teams would finish below year. Here it is: Iola, Springfield, Joplin, Topeka, Sedalia. He didn't mention Pittsburg, Leavenworth and Fort Scott. Evidently his "ump" thought them too small potatoes to recognize. Franklin didn't help himself a bit over in the town of the Goldbugs by indicating that Sedalia would finish below Topeka and out of the first division. His reason for giving Springfield such a high rating is summed up in these words: "Speer and Horton are such a fine pitching pair that the Midges will be always in the running." Franklin says he has been given a job to officiate at games in the Eastern league.

President Shively the other day received a letter, and it's a queer one, fit for a museum, from an Arkansas young man who wants a job as umpire. Shively declined the young man's services for fear that some tragedies in the ranks of his league would occur. The communication follows: "I can't sit well to. They can't whip me. Last year I whipped four players in a Georgia town and can do it any time needed. Am five feet nine and a regular flitting devil."

An expected revision in the Western league this fall and change of the circuit is likely to include Topeka and Lincoln, Neb. If the present plans carry through, this matter was up at the spring meeting in Des Moines, but laid over for this season until the November meeting which is to take place at Omaha. The Western people have for some time been looking towards this city and also the Nebraska capital as good places to locate, providing that Sunday ball could be played. However, it may be possible to make the business day in this city without the Sabbath games and the Western league officials are watching the season here with considerable interest. Just now the league has six clubs, and the plan is to increase it to eight. It is possible too, that President Shively of the Valley league will be made president of the Western. This spring President Sexton handed in his resignation and Shively was practically chosen, when Sexton rescinded his action. This fall he will, however, finally withdraw from the league, due to the fact that his business consumes too much of his time. A sort of general baseball mixup may result over the Valley and Western leagues if the circuits and officials are changed.

HAND SAPOLIO

FOR TOILET AND BATH

Fingers roughened by needlework catch every stain and look hopelessly dirty. Hand Sapolio removes not only the dirt, but also the loosened, injured cuticle, and restores the fingers to their natural beauty.

ALL GROCERS AND DRUGGISTS

tailly a demonstration of how foolish some people are, is going the rounds, and is to the effect that President Shively of the league is a stockholder in the Topeka club. Simply because Shively is trying to help this city get started and at the beginning of the season corralled good players and gave Topeka several, some of the soreheads around the ring are yelling "stockholder." What do some of these people think stock in the Topeka club is worth anyhow? Anybody who has tried to run a ball club anywhere without Sunday ball would not show himself up with such a statement. Again, it is not very complimentary to President Shively to indicate that he, as the head of the league, is interested in one of the clubs. But "Doc" does not care. "Wouldn't that jar your mother's preserves," he said Saturday, "think of it." And then he had just another good laugh over it.

Wedding Guests at the World's Fair.

Ideal Accommodations at the Inside Inn—Privacy, Luxury and Convenience.

To those thrice happy and much to be envied people who contemplate spending their honeymoon at the World's Fair, and who would respectably suggest the advisability of making the Inside Inn their headquarters. This beautiful hotel is charmingly situated, right inside the fair grounds, eliminating all tireome and wearisome journeys to and from the center of the city, and the waste of much valuable time which such journeys entail.

It is equipped with every modern convenience, has large, spacious rooms, and is supplied with bath, unexcelled cuisine and is in every respect an ideal spot in which to spend a holiday. It is in close proximity to the state building, from its hospitable doors every portion of the big exposition may be readily and quickly reached by the intramural railway.

It is open upon both the European and American plans, at rates which range from \$1.50 to \$5.50 European, and from \$2 to \$7 American; these rates include daily admission to the fair in both cases.

Reservations and full details may be had by dropping a postal to the Inside Inn, Administration Bldg., World's Fair grounds, St. Louis.

Called state troops, now trailing Ali, determined to either capture or destroy him and his followers.

Whooping Cough.

"In the spring of 1901 my children had whooping cough," says Mrs. D. W. Capps of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever seen for whooping cough. This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency towards pneumonia. For sale by all druggists."

Patriotic Concert at the Auditorium a Success.

Popular Music Is Interspersed With Classic.

Secretary Taft is not a singer. He declined to take part in the concert last night at the Auditorium. He was called for by the audience. There were cries of "Taft!" and an uproar which ceased only when he arose, with all his six feet and a few inches, and said: "I am very much surprised at this call. I am here to enjoy the music. I am not a singer. I thank you, but I suggest that I would be out of harmony with the rest of the music."

Judge Taft did seem to enjoy the music and everyone else did, for it was one of those concerts with a varied program which would furnish something to everyone. The very first was a fanfare of trumpets to signal the coming of Secretary Taft, Governor and Mrs. Bailey and the governor's staff to the boxes. After that each time a new conductor, and there were three of them, came forward, the fanfare announced the fact.

The Moders started the program with an old-time Modoc song which always sets the pace for patriotic concerts—"America Forever"—and the Moders have nothing in their repertoire that they sing better. The club sang it last night with Mr. C. Holman as conductor, and with the Chicago Symphony orchestra to play the accompaniment. In a striking manner following came "America" and all in the audience who could sing, or thought they could, stood up and joined. Some 2,500 voices, more or less, and a mammoth orchestra, to say nothing of the occasion, means some mighty stirring music.

That was the starter and before the concert ended the singers and the orchestra.

The first number for the Chicago Symphony orchestra was Weber's "Jubel Overture" and for an encore Conductor Rosenbecker gave "My Old Kentucky Home." Mr. Bol Maroon played the concerto for violin, "Andante Finkle," by Mendelssohn.

Mr. Holmes Cooper sang the tenor solo, "Splice and Sail," from the oratorio "King Olaf," by Mr. Carl Busch. Mr. Busch conducted the orchestra. Mrs. Genevieve Clark Wilson sang the aria from Queen of Sheba. She was given her share of applause, but declined to respond. The Choral society sang "Stars and Stripes Forever" and Prof. Penny conducted the singers and the orchestra.

The hit of the concert was made by Mr. Arthur Beresford, basso, with his "Honor and Arms" but even the ovation given him would not bring another song and for an encore.

When the state board of health meets in annual session on Thursday it will elect officers for the coming year. The only office that anyone seeks is that of secretary. There is a salary attached to that. Dr. Charles Lowry, of Topeka, has been secretary during the past year, and he has made an excellent official, but it is announced that he will not be a candidate for re-election. Dr. Lowry's school of medicine, the homeopathic, has had the office for five years, and it is now the turn of one of the other schools to have the secretaryship. Dr. S. J. Crumrine, of Dodge City, is said to be a candidate.

The county health officers of all the 105 counties of the state have been invited to attend this meeting, and it is expected that there will be an attendance of at least 75. The program is as follows:

FIRST SESSION—10 A. M.

Address by Governor Willis J. Bailey.

"Quarantine," by J. H. Henson, M. D., county health officer of Labette county.

"Quarantine, and Necessity of Enforcing the Same," by S. J. Crumrine, M. D., member state board of health.

Discussion.

Private meeting of state board of health for election of officers, 1:30 P. M.

SECOND SESSION—2:15 P. M.

Quarterly report by Charles Lowry, M. D., secretary state board of health.

"Preventive Medicine," by E. P. Mills, M. D., member state board of health.

Discussion.

"Sanitation in Tuberculosis," by Sara E. Greenfield, M. D., advisory member of state board of health.

Discussion.

Closing remarks by M. O'Donnell, M. D., county health officer of Ellsworth county.

An Open Letter.

From the Chapin, E. C. News: Early in the spring my wife and I were taken with diarrhoea and so severe was the pain that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose, and at once felt the effects. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. This remedy is for sale by all druggists.
